COVID-19 VACCINES FOR RESIDENTIAL AGED CARE FACILITIES.
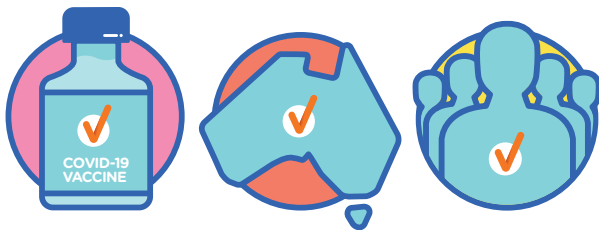

Visit **health.gov.au** for the latest information.

Residential aged care workers and residents will be among the first people in Australia who can choose to receive COVID-19 vaccines. It is part of our plan to make sure everyone in Australia has access to safe, effective and free COVID-19 vaccines. The vaccines are just one part of keeping our community safe and healthy.

Residents, their families and representatives, and workers can find the latest and most reliable information at **health.gov.au/covid19-vaccines**

COVID-19 VACCINATION

Safe. Effective. Free.

Australian Government
